

Church Prayer Leaders Network

Prayerleader.com is a website devoted to growing prayer in the local church.

The Church Prayer Leaders Network is for anyone who desires to see his or her church make prayer foundational to its entire ministry. Though designed specifically for the person in a local church (pastor or layperson) who has been given the task of leading prayer, the site and network is much broader than that. If you are in any type of ministry in your church, and have a heart for encouraging others to grow in prayer, this is for you. Pastors, small group leaders, intercessors, elders, youth and children's workers, worship leaders--anyone who leads and wants prayer to be central to what they do--will benefit from joining the CPLN.

Our desire is to encourage, challenge, and equip you to be a champion of prayer in your church.

Enjoy,

It's just that a lot of the stuff I was praying was, well, rather pointless and obtuse. Here are a couple of examples from Furtick's Book of Dumb Prayers.
