## Privacy Policy Regarding Email Address Use

Email addresses received through the downloading of e-books or other digital sign-ups by PrayerShop Publishing and its family of ministries, the National Day of Prayer Task Force, Church Prayer Leaders Network and Prayer Connect, are only used by our ministry.

We do not rent, trade or sell email addresses to any party.

The emails sent to those addresses by any of our ministries are primarily filled with helpful content on prayer, information about our ministries or occasionally to ask for donations or to promote an event or product from a partnering ministry that is related to our vision and mission.

Any individual can opt out of receiving these emails at any time simply by clicking the "Unsubscribe" link on the bottom of each email and following the instructions.
